

In particular, submitted herewith are:

- i) an English translation of the foreign priority document; and
- ii) a Statement that the English translation of the foreign priority document is accurate.

A Certified Copy of the priority document, that is, a certified copy of Korean Patent Application No. 10-2002-38882, filed in the Korean Intellectual Property Office on July 5, 2002, was submitted to USPTO on June 26, 2003 and is indicated as received by USPTO in its Office Action dated August 31, 2006.

Accordingly, Applicants respectfully submit that the instant application's claim to priority under 35 USC §119 to Korean Patent Application No. 10-2002-38882, filed on July 5, 2002, has been perfected. Cam Winget has a provisional priority date of May 27, 2003, from provisional application number 60/473,507. Thus, in view of the papers submitted herewith, it is respectfully submitted that rejections based on Cam Winget are moot. Moreover, it is respectfully submitted that Watanabe et al. and/or Ueda et al. fails to meet the deficiencies resulting from absence of Cam Winget. That is, a *prima facie* case for obviousness has not been established.

As such, all of the claims pending in the Application, namely, Claims 1-15 are believed to be in condition for allowance and early notice of the same is respectfully solicited. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicants' attorney at the number given below.

Respectfully submitted,
/Charles Y. Park/
